Dear colleagues,

following the great success of the last six years, it is my pleasure to announce the

## 7<sup>TH</sup> HOMBURGER NEUROENDOSCOPY WEEK

at the  
**Department of Neurosurgery**  
Saarland University, Homburg-Saar / Germany

This year we introduce **A COMPLETE NEW PART** in the workshop.

**MODULE 1** is focused on the interdisciplinary approach to the skullbase in cooperation with our **ENT-DEPARTMENT** of Prof. Schick. The new developments in endoscopic and endoscopic-assisted skullbase surgery are presented to you by an international faculty. Additional hands-on courses will provide demonstrations of endoscopic techniques as well as time to enhance your own surgical skills on cadavers. Interdisciplinary live surgeries will be presented to you in HD-technology and in an interactive setting.

**MODULE 2** will focus on intraventricular endoscopy and pediatric neurosurgery. **HUMAN CADEVERS** and **ANIMAL MODELS** are also included.

We are proud to announce also the **36<sup>TH</sup> ANNUAL ISMISS-MEETING** in our department. Therefore an additional spine workshop is organized at September 06, 2018.

We are looking forward to welcoming you in Homburg-Saar for a week full of new exciting experiences and an **ENTERTAINING SOCIAL PROGRAM**.

Sincerely yours,

Prof. Dr. Joachim Oertel
