Airport

We recommend **Frankfurt International Airport**, which is located approx. 150 kilometers away from Homburg. The airport is also the largest airport train station in Germany and offers connections to any German city with German Rail (**Deutsche Bahn**). From the long distance station you can take a train to Homburg-Saar main station. For further information, please visit the following websites:

- www.frankfurt-airport.de
- www.bahn.de

The next smaller airport is Saarbrücken-Ensheim (approx. 35 km away from Homburg-Saar). There you have to take a cab to Homburg-Saar, because otherwise you have to drive by bus and train. For further information please visit:
