due to the success of the last years, we offer **3 MODULES** in 2024 again.

Interdisciplinary **LIVE SURGERIES** will be presented to you in HD-technology and in an interactive setting.

**MODULE 2** will focus on intraventricular endoscopy and pediatric neurosurgery. **HUMAN CADAVERS** and **ANIMAL MODELS** are also included.

**MODULE 3** is focused of the currently most important available techniques in minimally invasive spine surgery. This module also contains a **HUMAN CADAVER WORKSHOP** lasting several hours.

As before a selected variety of innovate neurosurgical products will be presented in the accompanying **INDUSTRIAL EXHIBITION**.

We are looking forward to welcoming you in Homburg-Saar for a week full of new exciting experiences.
