May 22. – 24., 2024

Dear Colleagues,

I am pleased to extend a warm welcome as we embark on an exciting journey with the upcoming Hands-on Course - Part V on Junction Surgery in Spine. Building on the success of our previous courses, particularly Part 4 in May 2023, we are thrilled to continue this educational series.

The hands-on cadaver course will once again be hosted at the Institute of Anatomy at the Saarland University Medical Center. This installment will delve into the most crucial techniques in craniocervical, cervicothoracic, thoracolumbar, and lumbosacral junction spine surgery. The course includes two days lectures and hands-on work in the cadaver laboratory. During the hands-on sessions, there will be intensive training, with one tutor assigned to each station and two to three participants. After the first day, there will also be a course dinner with the participants and faculty.

We are excited to announce that esteemed experts in spine surgery, particularly focusing on junction spine surgery, will be joining us as invited faculty members, enriching the course with their invaluable insights.

We eagerly anticipate your participation and look forward to welcoming you to Homburg-Saar for this enriching experience.

Sincerely yours,

Prof. Dr. med. Joachim Oertel

Kindly supported by

PRELIMINARY PROGRAM

WEDNESDAY, MAY 22nd, 2024

18:30	Registration & Welcome	
19:00	Course Overview	Prof. Dr. J. Oertel
19:30	Get together	

THURSDAY, MAY 23rd, 2024

8:00	Registration & Welcome	
8:30 – 10:00	Lectures	Conference room, Neuro Center, Build. 90.1
10:00	Coffee Break	
10:15	LIVE SURGERY	
11:00 – 12:30	Lectures and Case discussion	
12:30	Lunch	
13:30 – 17:30	HANDS-ON SESSION 1:	Anatomy, Cadaver Lab
15:45	Approaches to Craniocervical and Cervicothoracic Junctions	
18:30	DINNER	

FRIDAY, MAY 24th, 2024

8:30 – 10:00	Lectures	Conference room, Neuro Center, Build. 90.1
10:00	Coffee break	
10:15	LIVE SURGERY	
11:00 – 12:30	Lectures and Case discussion	
12:30	Lunch	
13:30 – 17:30	HANDS-ON SESSION 2:	Anatomy, Cadaver Lab
	Approaches to Thoracolumbar and Lumbosacral Junctions.	
17:30	Closing remarks
